COOP Careers

Last Modified on 09/02/2026 7:44 pm PDT

COOP Careers is a **free** fellowship program for unemployed or underemployed first-generation **BA grads** who are interested in Data Analytics, Digital Marketing, or Financial Services. As a COOP fellow, you'll spend 3 evenings per week for 16 weeks learning technical skills, meeting potential employers, and building community.

Candidates must meet **all** of the criteria below:

- You've earned your BA before the first day of the program
- You are unemployed and do not have significant, full-time, professional work experience **OR** underemployed (meaning your current job description does not require a bachelor's degree)
- You are a U.S. citizen or legally authorized to work in the U.S. (i.e. permanent resident, employment authorization, DACA recipient)
- You must be at least 21 years old by the first day of program
- You must be available three evenings per week (M-W) for the duration of the program
- You must live near one of their regions: Bay Area, Los Angeles, Chicago, New York City
