COOP Careers ☒

COOP Careers is a **free** fellowship program for unemployed or underemployed first-generation **BA grads** who are interested in Data Analytics, Digital Marketing, or Financial Services. As a COOP fellow, you'll spend 4 evenings per week for 16 weeks learning technical skills, meeting potential employers, and building community.

Candidates must meet **all** of the criteria below:

- You've earned your BA before the first day of the program
- You are unemployed (and legally authorized to work in U.S.) or underemployed (meaning your current job description does not require a bachelor's degree)
- You earn less than $50,000 per year
- You are a U.S. citizen or legally authorized to work in the U.S. (i.e. permanent resident, employment authorization, DACA recipient)
- You must be at least 21 years old by the first day of program
- You must be available four evenings per week (M-Th) for the duration of the program
- You must live within one of their region-specific states: CA, IL, NY, NJ, CT, WI, IN, FL
