

# Credential Program Matrix

Last Modified on 02/26/2026 8:46 pm PST

In order to become a teacher in California, you must complete a teaching credential program after you earn your BA. Our [credential program matrix](#) is a spreadsheet that highlights financial information, eligibility requirements, application components, and deadlines for our current partner programs.

If you want more details about a specific credential program, reach out to the contact listed in column F and let them know you're a Rivet School Fellow!

Click [here](#) to view the credential program matrix in a separate tab.
